## 1. Spare parts

Switch off the dishwasher immediately and make sure it is non-live in the event of a fault or malfunction. The machine must only be serviced by trained personnel. Use original spare parts. Warranty repairs must be performed by an authorised company. For authorised service companies, please see [www.wexiodisk.com](http://www.wexiodisk.com) or contact Wexiödisk AB.

If an item does not have a part number, it has a dedicated section in the spare parts manual or it is an electrical component. Electrical components must always be checked against the machine's wiring diagram.

Positions that have a \* in front of the name is included in a complete article but can also be purchased separately.
